attached to the decision of this case.

Plaintiff wishes to also add Counselor McMahon and Lt. Porter for classifying petitioner to segregated housing with points illegally given for a class II offense charged to petitioner in this case, and not following procedures set forth by State of Delaware Prisoners Bureau of Affairs. (see Hope v. Pelgo 122 Sd. 2508)

Plaintiff wishes to acknowledge that these actions are [not] based on innocence or guilt but on procedural due process violations, and constitutional and state due process.

Plaintiff asks relief for personal injury and punishment that Judge Robinson perceives to be fair along with any sanctions and injunctions so this incident is [not] repeated and inmates would not be treated as non-entities with no rights.

I certify that on March 7 2007 I put a copy of this petition in U. S. mail to this court and also sent same copy of motion to Dept. of Justice, Wilmington, De.
